Has this property been previously serviced by CITY OF RIESEL WATER?
_____ Yes _____ No

Proposed meter must be engineered before first approval is granted by City Council

Applicant agrees to pay a fee of **\$100.00** in advance, which is a non-refundable, administrative fee. In addition, a **\$1,000 deposit is required (\$2,500 for commercial)** to cover additional engineering and professional fees associated with your request. If professional fees are less than the deposit, the remainder of the deposit will be refunded. If professional fees exceed the deposit, the applicant is responsible for reimbursing the city. This is not a service agreement, only an application for service study.

A time of three (3) weeks should be allowed for engineering work-ups and mailing. Any decision made by the Engineer will be final. Due to the demand for water meters, this meter must be installed within 90 days of approval.

After the 90 days a new application will be needed at the cost of an additional \$100.00.
